“Timeline Productions/Brodie Media has been an essential asset to Gulfstream Aerospace Corp. in its aircraft delivery process. Their flexibility & quality work are important factors that translate into overall customer satisfaction, and we're glad to have them on our team. In short, we highly recommend Timeline/Brodie Media for all your professional video production needs. You won't be disappointed.”

Angela McSwain

Verizon Heritage/Heritage Classic Foundation

Marketing Director
843-671-2448

“The Heritage Classic Foundation hired Timeline Productions/Brodie Media to create a video highlighting some of the organizations who benefit from the Foundation's charitable giving. After our first meeting, I knew Glenn and his crew shared my vision for the project. They took that vision and created an emotional and informational production. Timeline Productions/Brodie Media was dependable, professional and completed the job on time. The video was beautifully done and exactly what I wanted. I would recommend them to anyone.”

-Angela McSwain

Stacy Jennings

Morris Communications

Director of Marketing
912-652-0236

“I have never been disappointed with the work of Timeline Productions/Brodie Media. From strategy and concept to execution and production, Dave and Glenn are professional in every way. I value their experience and expertise and can heartily endorse them. It is especially comforting to know that the folks at Timeline Productions/Brodie Media are as conscious of my budget as I am. Work is completed on time and on budget every time. Add to that the accolades that our company has received for the commercials they produced for us, and we have a winning combination! Top quality work at competitive prices with award-winning results – that's what Timeline/Brodie promises and that's what they deliver!”
